

**GUARANTEED ANALYSIS**

Total Nitrogen (N).....0.5%  
0.5 % Water Insoluble Nitrogen  
Derived from: Porcine Protein Hydrolysate.

**ALSO CONTAINS NONPLANT FOOD INGREDIENTS:**

Silicon Dioxide derived from Sodium Silicate.....7.5%  
In Mississippi, this product is classified as a Low Analysis Fertilizer

**CONDITIONS OF SALE**

**Limitation of Liability and Remedies**  
**GY RainSoil, LLC, DBA RainSoil**

This product must be used and applied according to the label directions by professionals trained in the use of agricultural chemicals. Failure to follow label directions and good practices may cause injury to other crops, animals, man, or the environment. RainSoil warrants that this product conforms to the chemical description on the label. RainSoil makes no other warranties or representations of any kind, expressed or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

RainSoil offers this product and any buyer or user accepts there are no warranties of merchantability of fitness for a particular purpose which extend beyond the description of the product in this label and liability of Seller is limited to replacement of any product which does not meet these specifications. Suggestions for use and information on results obtained with its use are assumed by the manufacturer to be reliable. Since conditions of use are outside the control of Seller, the buyer is responsible for all results, including injury and damage stemming from the use of this product alone or in combination with other materials.

**0.5-0-0 with 7.5% Silicon Dioxide**

**Sitality L is a proprietary blend of nitrogen derived protein hydrolysate, the material obtained by hydrolysis of proteins to their constituent amino acids and short polypeptides.**

Fluid ounces of Sitality L per Gallon of Stock Solution			
Injector Ratios	Parts Per Million (ppm)		
	25	50	100
1:200	17.3	34.6	69.2
1:100	8.65	17.3	34.6
1:50	4.33	8.65	17.3
1:16	1.38	2.75	5.50

**Net Contents 33.8 fl oz (1 L)**  
**Net Weight 2.8 lbs (1.27 Kg)**  
Lot no.XXXXX

**APPLICATION INSTRUCTIONS:**

Shake well before use. When mixing, fill tank half way with water prior to adding Sitality L, then fill with remaining water.

**DIRECTIONS FOR USE:**

Apply at 25 ppm to 50 ppm Si with every irrigation or at 50 ppm to 100 ppm Si as a weekly drench for duration of crop

**Sitality L is an alkaline material with a pH of 12.7 and should not be tank mixed with acidic chemicals.** Do not mix concentrated form with acid-based products. If necessary, buffer tank water with a suitable buffering agent. Sitality L can be tank mixed with commonly used fertilizers or pesticides, but due to its alkaline nature, it is recommended to conduct a standard jar test prior to mixing. Always add at least half the water to the tank before adding Sitality L.

Store in original container in a cool, dry area. Keep out of the reach of children. Apply as directed.
